

Quebec Challenge Cup

Brockville v. Windsor

Challenge No. 970

Lennoxville Curling Club

Saturday November 19th, 2016 @ 2:00pm

The Windsor team beat a team from the Ottawa Curling Club on Nov. 5, 2016 to take the Cup. Brockville was their first challenger. Two teams were sent down to Lennoxville Quebec from the Brockville Country Club, a three and a half hour drive. The following club members played;

Harold Mooiebroek skip
Mark Peacock Vice
Fraser Coggan 2nd
Bob Jordan lead

Matt Honeskip
Kevin Cook vice
Jon O'Reilly 2nd
Stu Fergusson .. lead

The four leads drew cards to determine the team matchups and then in accordance with established tradition, knocked back shots of scotch immediately before the game. The Mooiebroek team on sheet 1 played a team from the Windsor Curling Club consisting of;

Marc Richard skip
Jim Mastine vice
Daniel Mercier 2nd
Robert Leveille lead

The Hone team on sheet 2 played a team from the Windsor Curling Club consisting of:

Benoit Bernierskip
Marc Andre Massevice
Pierre Masse 2nd
Richard Frappier lead

After five ends when the brooms were stacked, the aggregate score stood at 9 – 5 in favour of the Brockville teams. Drinks were consumed in the upper lounge for approximately an hour before resuming the game in the sixth end. The final aggregate score after ten ends was a close 14 – 12 victory for the Brockville teams.

An excellent roast beef dinner was served to all participants in the lower lounge. Following dinner we all retired back to the upper lounge for the traditional Rusty Nail (1 bottle of Scotch & 1 bottle of Drambuie with ice) drink passed around and consumed directly from the Cup. In keeping with the long-standing tradition, all 16 participants threw \$5.00 into a pot that goes to that individual taking the final drink. Daniel Mercier mounted a spirited defense of his win from two weeks earlier but we are proud to report that the pot of money went to our own Harold Mooiebroek for finishing off the last swallow. We all sincerely hope that Daniel recovers fully and learns to walk on his own again.
