The break helped the Brockville team as they come out in the second half making more shots than in the first half. However, after nine ends Montreal West was still up by a score of 17-12 with Montreal West holding both hammers going into ten. Team Mooiebroek managed to steal two and Team Hone stole 3 for a final aggregate score after ten ends of 17 – 17 tie, leaving Brockville in possession of the Cup. A crowd of about 30 people had diminished to about 10 to see the exciting finish.

After the game both teams enjoyed a roast beef dinner and the traditions of the cup. Competition continued with players from Montreal West and Brockville mixing squads for short end games on the ice. Teams also enjoyed the music from the holiday party that was going on in the larger dining room of the club.
